

Vietnam Visa Checklist

All Australian and New Zealand passport holders must obtain a Vietnam Visa. UK Passport Holders can enter Vietnam for up to 45 days for tourism and transit without needing to apply for a visa.

To apply for a visa prior to your arrival into Vietnam, please visit the following website:

<https://evisa.xuatnhapcanh.gov.vn/web/guest/home>

You must check your details are correct when applying for a Vietnam visa. The visa details must match your full name and date of birth as per your passport. Any errors or name omissions may result in you being refused entry. You may be charged an additional fee on arrival to correct the visa error and/or to be issued an emergency visa.

Please ensure the following information aligns with your Visa Application and Passport:

- Colour copy of passport and passport photo is uploaded
- Name is as stated on your passport (ensure you have included your middle name/s with your Given name)
- Passport details including passport number, date of birth and nationality
- If you require a single entry or multi-entry visa
- Intended temporary residential address in Vietnam. Please use the name and address of the first nights accommodation you are staying at in Vietnam.

For information regarding entry/exit date and entry/exit points, please refer to the below information. Refer to the tour code on your itinerary to find the details that are relevant for you.

- The Entry and Exit date we supply is the embarkation/disembarkation date and not the actual border crossing date. This is to cover for any unforeseen circumstances where we may cross the border sooner than the date stated in the itinerary.
- The below information is based on you arriving/departing on the first/last day of the tour. If you have booked additional pre/post-tour accommodation, entry/exit days may be different so it is important to note that this reference should be used as a guide only.
- For guests that require a multi-entry visa, you only need to provide your first entry date into Vietnam and your last exit date out of Vietnam on your visa application.
- We recommend obtaining an Vietnam electronic visa (E-visa) at least 30 days prior to departure to ensure you have this in time for your tour. Once a Vietnam visa application has been submitted online, it will take a minimum of 3 business days to be processed.
- The information contained on this page is primarily relevant for Australian and New Zealand citizens/passport holders. For all other passport holders, please contact your local consulate.
